**RE: 2016 STREET RECONSTRUCTION PROJECT –  
RECOMMENDATION FOR AWARD OF CONTRACT**

Dear Mr. Cluff,

Enclosed is the bid tabulation for the bids opened July 12, 2016 for the 2016 Street Reconstruction Project. The apparent Low Bidder and Bid Amount are as follows:

Low Bidder:	Black Forest Paving 9524 South Feulner Park Road West Jordan, Utah 84081
	Telephone: (801) 280-1313
	Bid Amount: \$206,354.50
	Engineer's Opinion of Probable Cost: \$215,108.00

We have reviewed the submitted bid from Black Forest Paving and everything on the bid appears to be in proper order. We have not worked with Black Forest Paving in the past nor have any knowledge of their capabilities. We are currently checking references and prior project experience. To this point they appear to have the necessary expertise to complete this project. We are waiting for the asphalt mix design on the project to be submitted and reviewed.

We recommend awarding the project to Black Forest Paving contingent upon an acceptable review of the asphalt mix design and prior experience.

We have attached for signature the Notice of Award for the project. Please notify me when these have been signed and we will forward them to the contractor.

Sincerely,

Bryce Wilcox P.E.  
Project Manager
